PROFESSIONAL EXPERIENCE RECORD:

1987-todate

FRANCE

In addition to the planning and commissioning of crop processing lines, the Company has supplied numerous projects in Middle East & Africa with tractors, implements, irrigation systems and spare parts, as well as seeds and agrochemicals. ICS has excellent contacts with the larger machinery manufacturers and has supplied spare parts for most recognised makes of equipment. It is specialised in maintenance and spare parts procurement (and sourcing) for agriculture.

As part of his work, ICS he has undertaken the following assignments as specialist in crop mechanisation or in the promotion of the business overseas:

1987-2005
